We hope you will join the ODAA either again or for the first time: we have done a lot of work at Ruxley recently to make the waters more fishable, and we are planning to do the same at Laddingford. If you want to find out more, look at our website ODAA.co.uk where our Gallery shows what waters we have along with some of the fish they produce.

In summary though we have the following waters:

Ruxley Gravel Pits, St. Paul's Cray - five lakes: The 'Big lake' (14 acres), the 'New Barge' (4 acres), 'Klingers' (1.7 acres), the 'Shallows' (1.5 acres) and the 'Old Barge' (3.5 acres.)

Laddingford (near Paddock Wood) – the water we own: 1.5 acre pool surrounded by trees in a 12 acre gated field.

Penshurst – about 7 miles in total of the River Medway and River Eden, which we share with Penshurst AS.

The River Rother in Kent and Sussex, six miles in total, various locations.

The Royal Military Canal, three miles of double-bank canal, from Appledore Dam to Iden Lock

River Stour, Henny Street, Suffolk - Water share with Billericay & DAS
